DETAILED ACTION

Response to Amendment

1. The reply filed on 4/22/05 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The original elected invention is directed to a polymer classified in class 526, subclass 238.21. Newly submitted claim 1-3, and 17-19 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: In claim 1 as amended, the polymer dissolved or dispersed in water is classified in class 524, subclass 543+; claims 17-19 are directed to a method of coating and/or coated articles, classified in classes 427, 428.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-19 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to
